

Travel Agency

Developing "Travel Agency" project in
programming languages Java and MySql.

Travel Agency

Creator: Seitzhanova Altyn

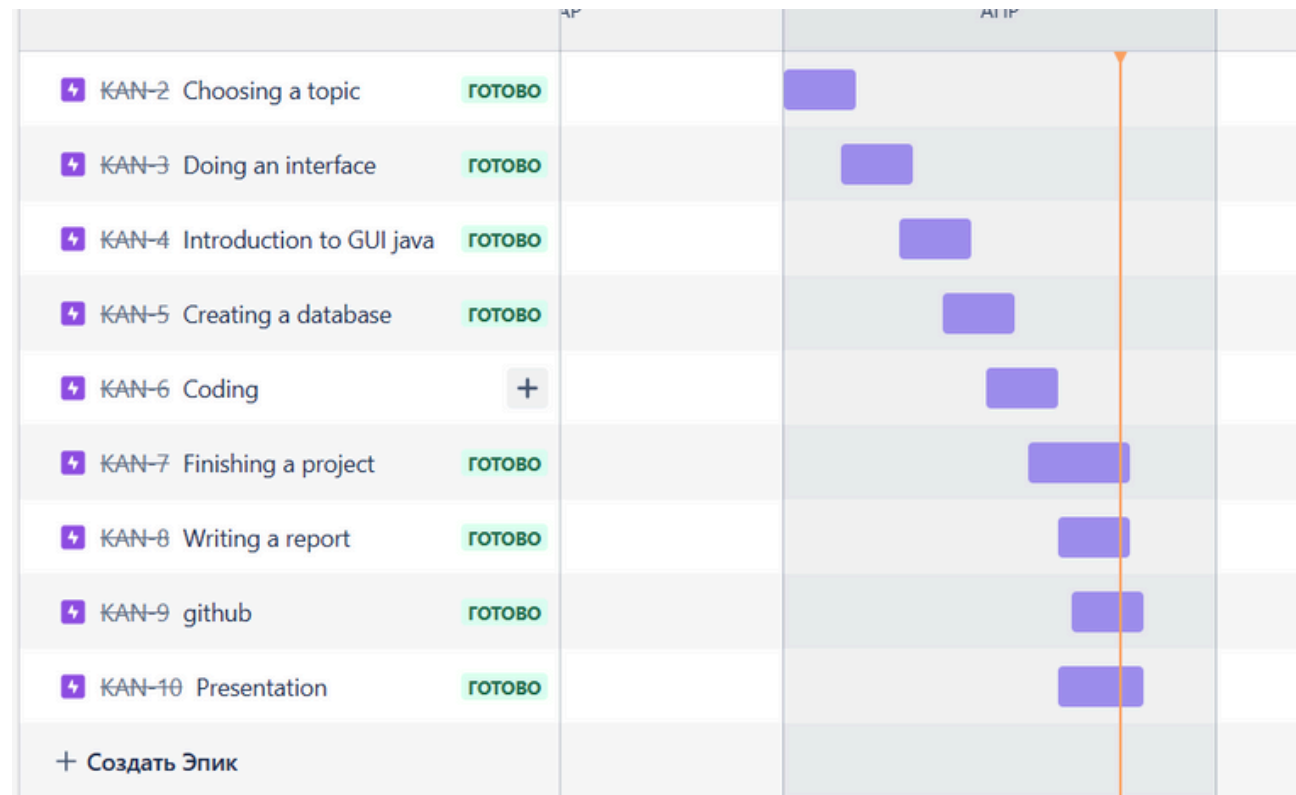

Supervisor: Phd, Zhukabaeva Tamara Kokenovna

Goal: To create whole project using Java and MySQL

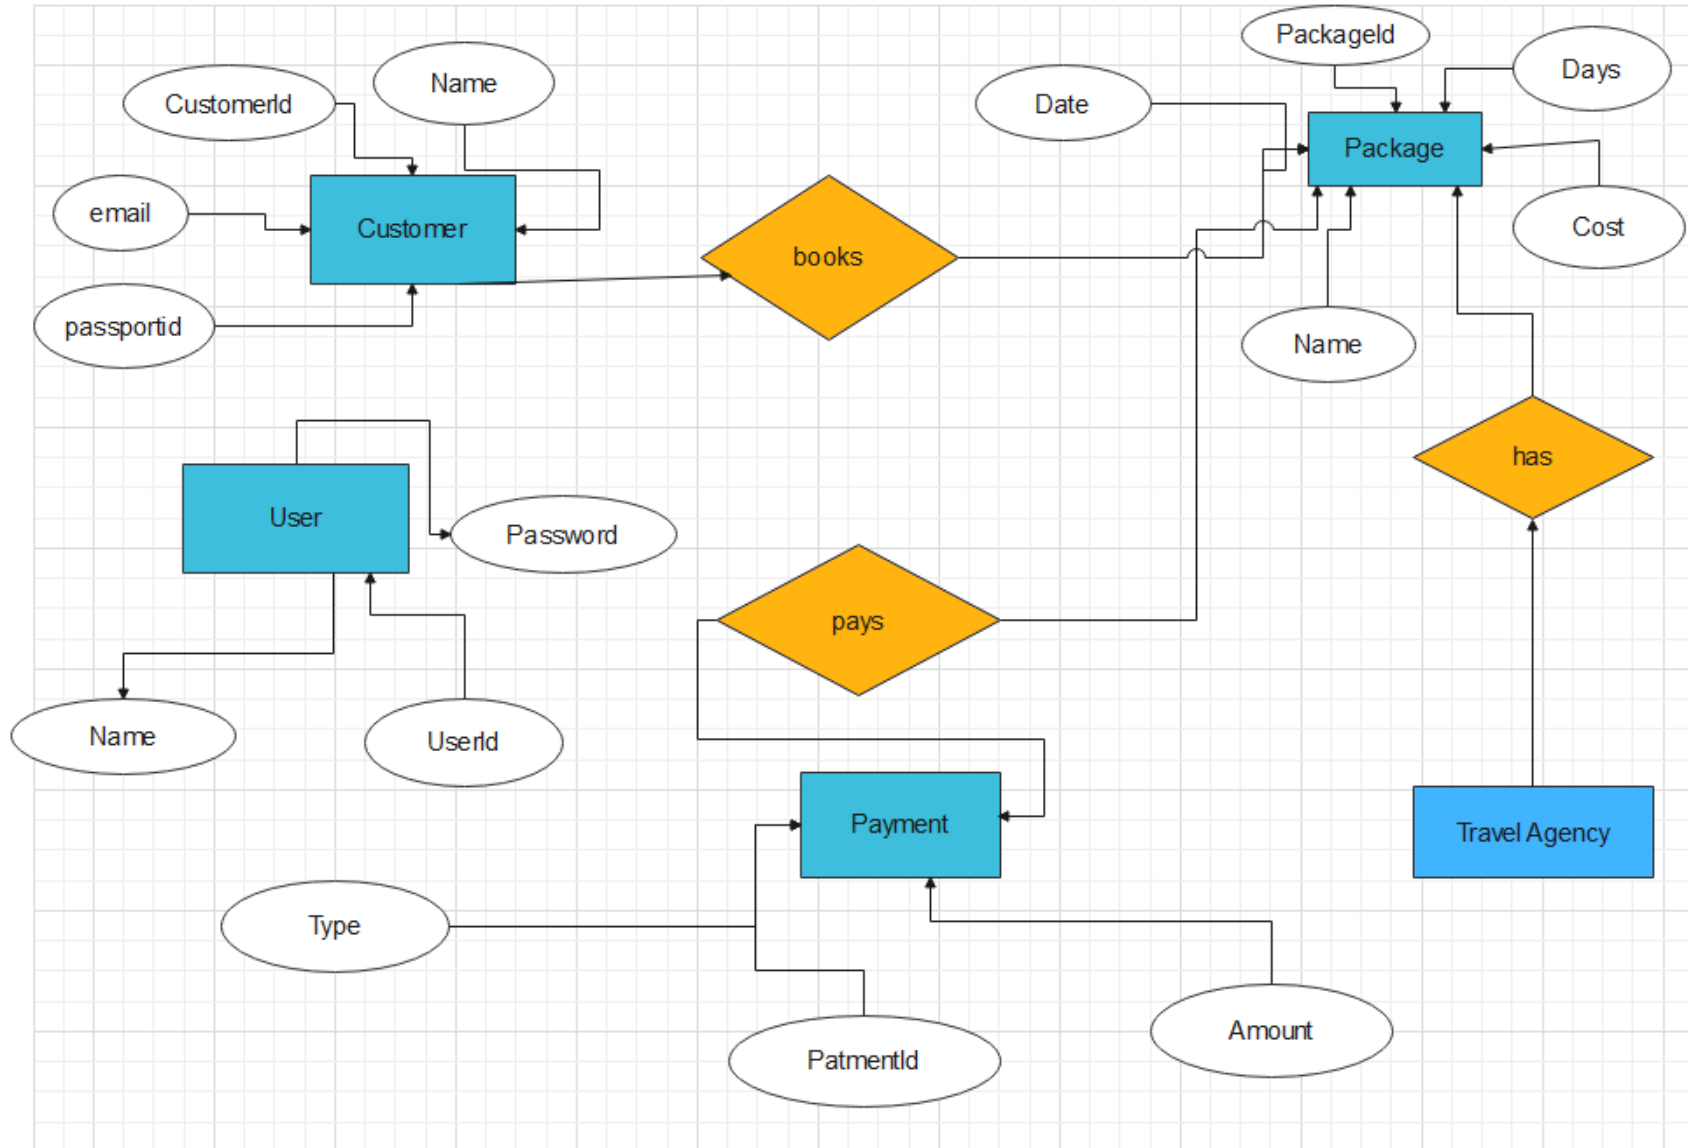

Tasks:

1. Jira
2. Make diagrams of project
3. Open github account and upload whole code (used images, uml, flow-chart) on it github
4. Make a presentation of project
5. Make an educational website
6. And lastly report of how you've done everything and descriptions
7. Present the project

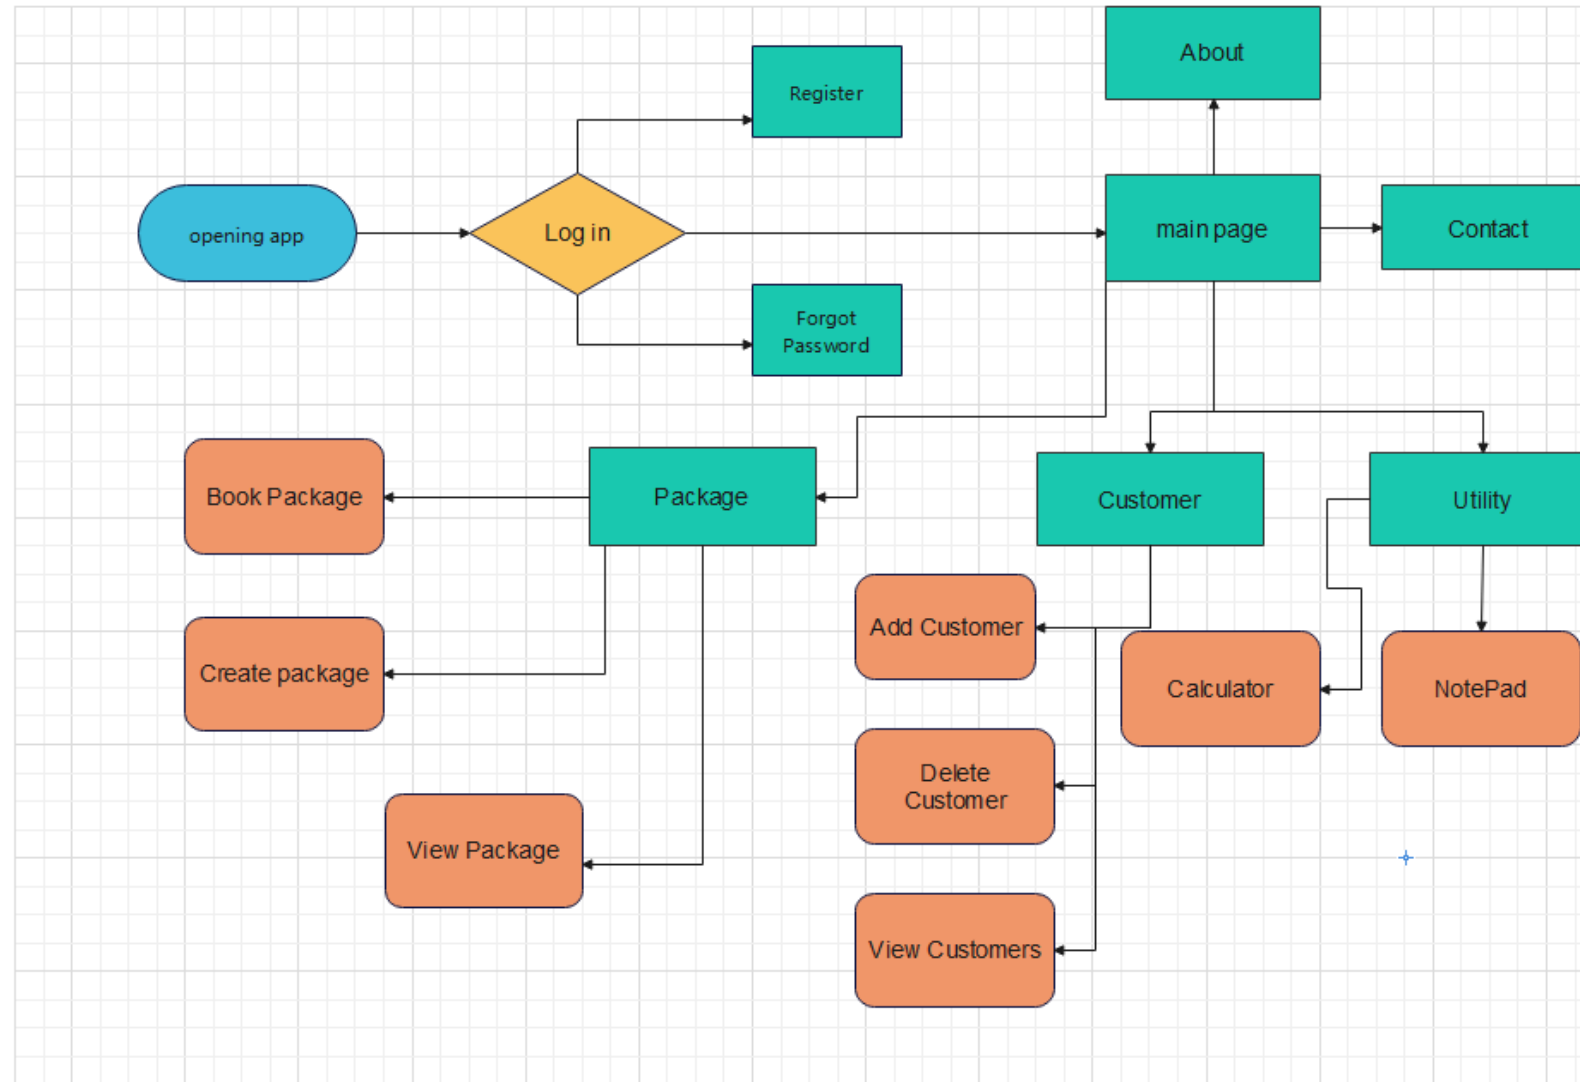

JIRA is a software development tool used for project management and issue tracking.

EduExplore

What is quiz?

A quiz is a form of game or mind sport in which players attempt to answer questions correctly on one or several specific topics. Quizzes can be used as a brief assessment in education and similar fields to measure growth in knowledge, abilities, and skills, or simply as a hobby. They can also be televised for entertainment purposes, often in a game show format. Etymology.

What is EduExplore?

EduExplore! is an online game-based learning platform. It has learning games, also known as "quizzes", which are user-generated multiple-choice quizzes that can be accessed via a web browser or the app.

Why is EduExplore?

EduExplore is the perfect tool for the classroom. EduExplore is a fun tool that helps teachers engage their student's sense of learning. Because students can also research, create, and present quizzes and surveys on their own, teachers can use EduExplore to fully immerse students into a leadership role while learning.

About Us

The objective of the Travel Agency project is to develop a system that automates the processes and activities of a travel and the purpose is to design a system using which one can perform all operations related to traveling.

This application will help in accessing the information related to the travel to the particular destination with great ease. The users can track the information related to their tours with great ease through this application. The travel agency information can also be obtained through this application.

Advantages of Project:

- Gives accurate information"
- Simplifies the manual work"
- It minimizes the documentation related work"
- Provides up to date information"
- Friendly Environment by providing warning messages."
- travelers details can be provided"
- booking confirmation notification"

How it works

Signing

Signing up on a platform is important because when you signed up you will be aware of your data

Searching

You have right to search and choose any possible package on platform

Booking

After choosing the package you need you can rest wherever you want with joy and happiness

There are about 2 main database tables in our platform!
